Cloud heard Tim's cry. *Lee did not. Cloud knew there was something wrong across the street. He barked incessantly standing on his hind legs looking at Tim's house until Lee finally heard Tim's faint call "Lee call 9-1-1." Tim's rescue ensued with the police and the ambulance arriving to take Tim to L&M Hospital. Diagnosis? Severe neck whiplash requiring evacuation to Yale New Haven and major reconstructive surgery a week later.*

Cloud saved Tim's life.

Cloud's life is in danger.

Since last fall Cloud has been infected with a life threatening fungal disease, Aspergillosis. Cloud has endured four trephination surgeries with the fungus returning after each one. Each time he has come out on the short end of the 80-20 success prediction. The final chance is rhinotomy surgery which will cost some \$3-5,000.

Cloud needs your help!

Please consider a contribution to the cost of Cloud's surgery through a donation to My Dog's Place, 2 Avery St., Mystic, CT 06355. Mark your check "Cloud." Or attend the dinner and silent auction 5:30 PM June 3rd at My Dog's Place, reservation and tickets \$100.

Thank-you!
